SURRENDER OF BOERS

So Far About Ten Thousand Have Laid Down Arms.

MOSTLY YOUNGSTERS

Burghers in Cape Colony Seem to Hold Back Ammunition Which They Declare Was Only Used in Hunting Game.

Pretoria, June 12.—In all 10,225 Boers have surrendered up to date. Many are youngsters 11 years of age and upwards. A majority of them are under thirty, though some of the burghers who have surrendered are septogenarians.

Reports from all districts say the burghers are increasingly friendly. The only bitterness observable among the Boers here is against France and Germany. They declare the war was protracted unnecessarily owing to hopes held out by the French and German press. Some of the Boers are so incensed they have expressed the hope that some day they will fight on the side of the British against one of these powers.

Anticipated friction between surrendered Boers and their former comrades of national scouts, has not materialized to any extent.

Boers have admitted that they received ammunition through Portuguese territory.

General DeWet's youngsters were the best fighters and frequently held positions after older burghers had cleared out.

The Boers of Orange River Colony are handing in only small percentage of their ammunition. They explain that they used most of it in hunting game since the peace agreement was signed.

Addressing the surrendered Boers at Kroonstadt, Orange River Colony, Gen. Elliott said the wish of King Edward, his government and the British people was to help the burghers and get them back to their farms as soon as possible.

The king, the general added, had telegraphed congratulating the burghers on the good stand they had made. This announcement was greeted with lusty cheers for the king and for Kitchener.

Indemnity Must be in Gold.

Pekin, June 12.—At a meeting of foreign ministers Wednesday the British minister announced Great Britain's readiness to participate in the pro-rata reduction of war claims in order to settle the question in dispute relating to indemnity. The Japanese minister was unable to agree to the plan pending receipt of instructions from his government. The ministers have replied to Chinese argument that the indemnity was payable on a silver basis by insisting on payment on a gold basis, ignoring China's intimation that she will be unable to pay the indemnity if the fall in prices of silver continues.

Burton Trouble Compromised.

Cleveland, O., June 12.—A special from Hot Springs, Va., says a compromise has been arrived at between Congressman Burton and several Republicans who went from this city to try to bring about peace in the matter of the proposed withdrawal of Congressman Burton as candidate for reelection to congress from this district, because of alleged "petty bosses and bossism." The compromise reached is that there shall be a Burton committee as well as a general Republican committee, and that the Burton committee shall have charge of the fall campaign.

Students Caught in a Storm.

Des Moines, Iowa, June 12.—Telegraph and telephone communication with Washington have been obtained. Four wagon loads of students, enjoying a picnic at Coppoc, nine miles south of Washington, were caught by the storm during their return journey. One wagon containing nine members of the high school class, which had just graduated, sought shelter in a house which was blown to pieces, burying all in the debris, eight were injured, one fatally.

Two Districts Claim Prize.

Portland, Ore., June 12.—The jurisdiction of Arkansas and the jurisdiction of Manitoba, Ancient Order of United Workmen, have filed notices with the supreme recorder stating that they have won the \$2000 offered for each jurisdiction that makes a gain of 25 per cent in membership during the year. These two jurisdictions are only ones that have made a gain of 25 per cent in the membership.

Big Elephant Goes Mad.

Tours, France, June 12.—A crowd of about 3000 persons witnessed the execution in the city park of the largest of Barnum & Bailey's performing elephants. While on the way to the railway station the animal suddenly went mad, broke its chain, tried to kill its keepers and had to be killed immediately. Two hundred men tugged at the rope which strangled the elephant.

President Presents Diplomas.

West Point, N. Y., June 12.—The centennial celebration of the military academy closed with the presentation of diplomas to the 1000 graduating class. The program included the presentation of diplomas by President

Roosevelt, address by Gen. Dick of the visiting board and remarks by Gen. Miles.

King of Italy Buys Coal Lands.

New York, June 12.—Victor Emanuel, King of Italy, it is reported, bought within a few days 150,000 acres of the best coal land in West Virginia, from two Pittsburg operators now in Italy. The price was about \$8,000,000. The property is situated in the Pocahontas district.

HAWAIIAN AFFAIRS.

Volcano Kilauea Shows Signs of Eruption and Explosions Numerous.

Honolulu, June 4, via Victoria, B. C. June 12.—The transport Solace arrived here on June 1 from San Francisco with a case of scarlet fever on board and was at once put into quarantine. She will coal here and leave for the Philippines at once.

United States Agricultural Commissioner Jared Smith has returned from a trip through the island of Hawaii. He reports conditions there favorable to the farmers whose homesteaded lands under the Hawaiian laws.

Mr. Smith says the cut worms and other insect pests are making havoc with the farms.

The latest news from the volcano Kilauea, Hawaii, indicates an outbreak. On Sunday, June 1, there were two explosions observed. Red ashes, gas and sulphur were thrown up. The cloud of smoke from the volcano was larger than usual. Severe earthquake shocks were felt in Honeka, a distance from the volcano. Many Honolulu people are preparing to take steamers to witness the expected outbreak.

The bank of Hawaii has agreed to come to the rescue of the government in the present financial difficulties. The bank will advance \$140,000 to help the territorial treasury pay its warrants, taking treasury notes as security.

To Compete With Standard.

Berlin, June 12.—A dispatch to the Berliner Tageblatt from St. Petersburg says that the petroleum producers of the Caucasus have held a meeting to form a syndicate to sell petroleum abroad in competition with the Standard Oil company. After various changes in their attitude toward the Standard Oil company, the dispatch adds, the Caucasian producers have grown definitely hostile to it. They can do nothing, however, without government support, but it was alleged they have now obtained this support to the extent of a reduction in railroad rates and possibly a reduction in the export tariff on oil.

Strikes Settled by Arbitration.

Chicago, June 12.—Arbitration of labor disputes has won two important victories in Chicago. The teamsters have reported an agreement with the team owners and employers, and after a long conference between the officials and employers of the City Railway company, an arbitration agreement has been adopted. This ends the last danger of a strike on the South Side traction lines. The agreement lasts one year, the unions to get full recognition and no sympathetic strikes in that time is one clause of the agreement.

Clyde Fitch's Illness.

New York, June 12.—According to private information received here, Clyde Fitch, the dramatist, who recently went abroad for his health, is suffering from appendicitis. It was hoped, after a short stay at Florence, that he had completely recovered his health, but a Rome physician who was called, pronounced his illness appendicitis, and the playwright hurriedly left for Berne, Switzerland, to consult a specialist in the hope of securing relief without a surgical operation.

Sent up Price of Pictures.

Berlin, June 12.—The art critic of the Vossische Zeitung complains that American millionaires have sent up the prices of paintings to such a point that European collectors are now unable to compete with them. The fact that pictures go to the United States, says the critic, does not mean their loss to the world, as Europeans artists often assert, and many of the older American collectors often showed genuine appreciation and understanding of art.

O'Toole Agrees to Testify.

New York, June 12.—Joseph J. O'Toole, who was arrested on Monday on the complaint of Charles E. Mackey, of this city, and at the request of the Paris police, on a charge of being connected with the sale of a mythical American mining property in Paris for \$5000, has been discharged upon his consenting to testify in Paris against Andre Veysett in the alleged swindling operation.

A. AND M. DIRECTORS.

At the late meeting of the board of directors of the A. and M. College the resignation of Prof. J. H. Connell was read, after which the following letter was addressed to Prof. Connell:

Prof. J. H. CONNELL,
Dear Sir:—We have received your very courteous resignation, and we have acted upon it in accordance with your request. We recognize the appreciation you show for the interest of the College in arranging, at a sacrifice, to continue your services until provision can be made for carrying on the work. We shall take steps to relieve you at the earliest possible moment, but of course, you realize that the greatest possible care should be exercised in selecting a man to fill a position of such tremendous importance to the State.

We thank you most heartily for your proffered services to the College in your new field, and wish you great happiness and success.
(Signed) M. SANSON,
Pres. Board of Directors.

The following resolution to Prof. Connell was adopted by the Board:
The Board, recognizing that you were the prime mover in organizing the Farmers' Congress, and that much of the credit for the very great success of this body is due to you, especially request that, as far as your plans will permit, you give it the same close attention and act as a special representative of the College on that occasion.

We further request that you cooperate with us in the future in carrying on this movement and in achieving still greater results. We shall continue to regard you as the natural leader in this cause. The Board pledges itself to assist in every possible way to make this Farmers' Congress what it should be.

Highly Recommended.

Pennypacker Nominated for Governor of Pennsylvania Over Elkin.
Harrisburg, June 12.—Judge S. W. Pennypacker of Philadelphia was nominated for governor over Attorney General John P. Elkin by the Republican state convention by a vote of 206 to 152.

Ex-State Senator William M. Brown of Newcastle and Major I. B. Brown of Erie were nominated by acclamation for lieutenant governor and secretary of internal affairs, respectively.

Senator Quay was unanimously chosen chairman of the Republican state committee by a suspension of the rules requiring the state chairman to be chosen by the nominees and the presiding officers of the convention and he will conduct the campaign for the state ticket.

The platform indorses the administration of President Roosevelt, reaffirms loyalty to the principles of protective tariff; declares for pure and honest ballot reform; condemns trusts; approves the action of the president and attorney general in proceeding against the beef trust and makes no mention of the state administration. Pennypacker's nomination is a personal victory for Quay.

A. AND M. DIRECTORS.

At the late meeting of the board of directors of the A. and M. College the resignation of Prof. J. H. Connell was read, after which the following letter was addressed to Prof. Connell:

Prof. J. H. CONNELL,

Dear Sir:—We have received your very courteous resignation, and we have acted upon it in accordance with your request. We recognize the appreciation you show for the interest of the College in arranging, at a sacrifice, to continue your services until provision can be made for carrying on the work. We shall take steps to relieve you at the earliest possible moment, but of course, you realize that the greatest possible care should be exercised in selecting a man to fill a position of such tremendous importance to the State.

We thank you most heartily for your proffered services to the College in your new field, and wish you great happiness and success.

(Signed) M. Sansom,
Pres. Board of Directors.

The following resolution to Prof. Connell was adopted by the Board:

The Board, recognizing that you were the prime mover in organizing the Farmers' Congress, and that much of the credit for the very great success of this body is due to you, especially request that, as far as your plans will permit, you give it the same close attention and act as a special representative of the College on that occasion.

We further request that you cooperate with us in the future in carrying on this movement and in achieving still greater results. We shall continue to regard you as the natural leader in this cause.

The Board pledges itself to assist in every possible way to make this Farmers' Congress what it should be.

Highly Recommended.

QUAY MEN WIN.

Pennypacker Nominated for Governor of Pennsylvania Over Elkin. Harrisburg, June 12.—Judge S. W. Pennypacker of Philadelphia was nominated for governor over Attorney General John P. Elkin by the Republican state convention by a vote of 206 to 152.

Ex-State Senator William M. Brown of Newcastle and Major I. B. Brown of Erie were nominated by acclamation for lieutenant governor and secretary of internal affairs, respectively.

Senator Quay was unanimously chosen chairman of the Republican state committee by a suspension of the rules requiring the state chairman to be chosen by the nominees and the presiding officers of the convention and he will conduct the campaign for the state ticket.

The platform indorses the administration of President Roosevelt, reaffirms loyalty to the principles of protective tariff; declares for pure and honest ballot reform; condemns trusts; approves the action of the president and attorney general in proceeding against the beef trust and makes no mention of the state administration. Pennypacker's nomination is a personal victory for Quay.

A Beaumont paper says: "Prof.
F. R. Miller has accepted the leader-
ship of the Eagle band and will take
charge of the band June 14. Prof.
Miller is a graduate of the world's
famous Conservatory of Music of
Prague, Bohemia. He ranks with
the best cornet soloists of this coun-
try. He is also a composer of music and
an expert violin player. He held
the directorship of the Texas A. and
M. College musical department for
three years; was also principal mu-
sician with the C. Beck's famous mu-
sical organization of San Antonio,
and Second Regiment Texas Volun-
teer band. Beaumont can congratu-
late herself in securing such a talent-
ed musician. He will teach on vari-
ous instruments. The band will give
its weekly concerts at the park as
soon as the professor takes charge of
the band."

West Point, N. Y., June 11.—Presi-
dent Roosevelt arrived at West Point
at 10 o'clock this morning. He
was met at the station by Col. Mills,
superintendent of the West Point Mil-
itary academy and staff and academy
band and escorted to Col. Mills' quar-
ters. A salute of 21 guns was fired
as the president appeared on top of the
hill. A review of the corps of cadets
followed immediately. The feature of
this was the presentation to Cadet Cal-
vin Titus, a medal approved by con-
gress for his bravery in scaling the
wall at Pekin, China. The president
pinned the medal to the coat of the
young man, and as he did so, extended
congratulations. After the review a re-
ception was held at Superintendent
Mills' quarters.

The Senate.

Washington, June 11.—Soon after the
senate convened today the house
bill amending the present law provid-
ing for the issuance of passports to
persons who owe allegiance to the
United States, whether they be citizens
of the United States or not, was passed.
It was explained by Mr. Foraker that
the bill was simply to provide for the
issuance of passports to the citizens of
Porto Rico and Philippines.

Consideration of the naval appropri-
ation bill was then resumed, the pend-
ing amendment being that providing
for the construction of two first-class
battleships, two first-class armored
cruisers and two gunboats.
The naval bill was disposed of after
some debate. The bill involves the
expenditure of more than \$78,000,000.
It included provisions for two first-
class battleships, two first-class arm-
ored cruisers and two gunboats; but
strikes out the provision that one of
each shall be built at government
yards.

When consideration was resumed of
the Isthmian canal question, Mr. Tur-
ner delivered an extended argument in
support.

Beaumont paper says: "Prof.
F. B. Miller has accepted the leader-
ship of the Eagle band and will take
charge of the band June 14. Prof.
Miller is a graduate of the world's
famous Conservatory of Music of
Prague, Bohemia. He ranks with
the best cornet soloists of this coun-
try. He is also a composer of music and
an expert violin player. He held
the directorship of the Texas A. and
M. College musical department for
three years; was also principal mu-
sician with the C. Beck's famous mu-
sical organization of San Antonio,
and Second Regiment Texas Volun-
teer band. Beaumont can congratu-
late himself in securing such a talent-
ed musician. He will teach on vari-
ous instruments. The band will give
its weekly concerts at the park as
soon as the professor takes charge of
the band."

West Point, N. Y., June 11.—Pres-
ident Roosevelt arrived at West Point
at 10 o'clock this morning. He
was met at the station by Col. Mills,
superintendent of the West Point Mil-
itary academy and staff and academy
band and escorted to Col. Mills' quar-
ters. A salute of 21 guns was fired
as the president appeared on top of the
hill. A review of the corps of cadets
followed immediately. The feature of
this was the presentation to Cadet Cal-
vin Titus, a medal approved by con-
gress for his bravery in scaling the
wall at Pekin, China. The president
pinned the medal to the coat of the
young man, and as he did so, extended
congratulations. After the review a re-
ception was held at Superintendent
Mills' quarters.

The Senate.

Washington, June 11.—Soon after the
senate convened today the house
bill amending the present law provid-
ing for the issuance of passports to
persons who owe allegiance to the
United States, whether they be citizens
of the United States or not, was passed.
It was explained by Mr. Foraker that
the bill was simply to provide for the
issuance of passports to the citizens of
Porto Rico and Philippines.

Consideration of the naval appropri-
ation bill was then resumed, the pend-
ing amendment being that providing
for the construction of two first-class
battleships, two first-class armored
cruisers and two gunboats.

The naval bill was disposed of after
some debate. The bill involves the
expenditure of more than \$78,000,000.
It included provisions for two first-
class battleships, two first-class arm-
ored cruisers and two gunboats; but
strikes out the provision that one of
each shall be built at government
yards.

When consideration was resumed of
the Isthmian canal question, Mr. Tur-
ner delivered an extended argument in
support.

ATTEMPTED MURDER.

Superintendent of a Coal Mine Shot at Near Wilkesbarre.

Wilkesbarre, Pa., June 12.—It is learned at the office of the Lehigh Valley Coal company, that an attempt was made Wednesday night on the life of Superintendent Thomas of the colliery, of the Lehigh Valley company at Old Forge, north of this city. A locomotive conveying him to the colliery was fired on from ambush.

There were six persons on the locomotive, the engineer, fireman, conductor, two brakemen and Superintendent Thomas.

As soon as the firing began the six men immediately dropped to the floor of the locomotive and tender, and in that way saved themselves.

The window panes of the cab were broken and the locomotive and tender perforated with bullets and buckshot.

President Mitchell has nothing to say either on the anthracite or soft coal strike in West Virginia.

Spring Wool Clip.

Austin, June 12.—T. H. Zanderson, the well known wool buyer of San Antonio, is here superintending the concentrating and reshipping of about 200,000 pounds of wool. Mr. Zanderson purchased this wool in the territory north of Austin, principally in Burnet and Llano counties and will ship it from Austin to eastern manufacturers. He says that about seven-eighths of the spring clip has been marketed. It is conservatively estimated that the Texas spring clip this year will aggregate between 6,000,000 and 7,000,000 pounds as compared with more than 3,000,000 pounds last year. The fall clip in Texas last year aggregated about 2,000,000 pounds, and it is probable that it will fall short of that amount this year. The decrease in this year's yield is said to be due to a loss of sheep last winter.

Methodist Book Committee.

Nashville, June 12.—The new book committee of the Methodist Episcopal Church, South, met and organized here. Dr. Collins Denny was elected chairman and W. C. Dibreil was elected secretary.

W. C. Everett, manager of the branch publishing house at Dallas, Tex., made a report to the committee, showing a satisfactory condition. The usual appropriations for the different publications were made. The amount of the Sunday-school literature is \$15,000. About \$25,000 or \$30,000 is carried for the other publications and for editorial assistance and contributions. The Epworth Era will be supported by the various leagues of the church.

Unknown Man Suicides.

Sulphur Springs, Tex., June 12.—While James Kirby and his little brother were hunting in the woods, about four miles west from Sulphur Springs, they discovered the body of an unknown man hanging. They at once came to town and reported to the officers. Esquire Powell, County Attorney Thornton and Deputy Sheriff Smith went out and made an examination. They conclude that it was a well-planned and executed suicide and that the man had been dead about three months.

Texas Base Ball Games.

Baseball games played in the Texas league on Wednesday resulted as follows:

At Corsicana—Corsicana, 16; Paris, 0. Batteries, Method and Clark Blackburn and Moore.

At Dallas—Dallas, 5; Fort Worth, 4. Batteries, Sparger and Berry, McKay and O'Donnell.

At Waco—Waco, 4; Texarkana, 2. Batteries, Rundell and Noyes, Yeager and Wolf.

Killed by a Fall.

Houston, June 12.—E. W. Matthews, assistant general superintendent of the McFadden compress in this state whose headquarters are at Hearne, fell from the third story of the Bristol hotel Wednesday and was instantly killed. The deceased leaves a wife and seven children, who are now living at Yoakum. Mr. Matthews was one of the best known compress men in the state. He was a Royal Arch Mason and a graduate of West Point along in the 70s.

Great Britain's Deficit.

London, June 12.—A parliamentary paper presents the revised financial statements for 1902-03. It is estimated that the expenditure will total £176,359,000 and that the revenue will amount £152,435,000. The deficit will be met out of the proceeds of a consols loan of £29,920,000, leaving £5,996,000 available for contingencies and the redemption of part of the national debt.

Mistaken for a Burglar.

McKinney, Tex., June 12.—Marshal Sam Burks was shot and perhaps fatally wounded Wednesday night. Mr. Burks was after a negro intruder at the home of E. T. Grayham. Mrs. Grayham, in the excitement, fired at the negro, but the bullet passed into the abdomen of Mr. Burks, whom she did not recognize in the dark. There is little hope for his recovery.

Police Force Increased.

Pawtucket, R. I., June 12.—City officials having declared to increase the police force to meet the unusual conditions resulting from the strike of the Union Traction company's men here and in Providence, by an order of Governor Nickoll, six companies of infantry and two troops of cavalry are parading the streets and protecting the cars.

Woman Fatally Burned.

San Antonio, June 12.—A fatal fire occurred at South Heights, a suburb of this city. A residence occupied by Isadore Kleland, and one owned by N. T. Ayres were burned. Mrs. Kleland, wife of Isadore Kleland, was so badly burned that she died from her injuries. The fire loss was \$3000, partly covered by insurance.

CUBAN MONEY USED

Wood Permitted Funds to Be Used to Promote Reciprocity.

A SENSATION CAUSED

Mr. Thurber Admits He Secured Money from the Governor General of Cuba to Send Out Literature in Favor of Reciprocity.

Washington, June 12.—The testimony given Wednesday before the committee on Cuban relations by F. B. Thurber, showing that between \$8000 and \$9000 had been paid out of the Cuban treasury under the direction of Governor General Wood for the promotion of the effort to secure reciprocity between the United States and Cuba, caused a sensation in the senate. The news of Mr. Thurber's statement reached the senate chamber about the time that body convened and when Senator Teller, whose examination has developed the facts made his appeal on the floor he was immediately surrounded by senators from both sides of the chamber who professed great anxiety to know all that had occurred. Copies of one voucher produced were eagerly sought. Some of the best sugar advocates in the house pointed out that Mr. Thurber had not in his testimony before the ways and means committee indicated any connection with the Cuban government in his effort to create sentiment in this country favorable to concessions to Cuba.

Opinions as to the ultimate effect of the testimony are varied but the immediate results are seen in the decision reached to have two caucuses in the early future, the best sugar Republican senators today and the second by all the Republican senators Saturday.

Culberson Resolution.

Washington, June 12.—Senator Culberson of Texas introduced the following resolution:

"Resolved, That the secretary of war be and hereby is directed to send to the senate a full itemized statement of moneys collected and disbursed by the authorities of the United States in Cuba from the military occupation thereof until May 20, 1902."

The resolution went over.

The House.

Washington, June 12.—The house Wednesday dispatched the Corliss Pacific cable bill by the same method it adopted Tuesday in the case of the forest reserve bill. It struck out the enacting clause of the measure by a vote of 116 to 77, thus giving no opportunity to test the strength of the Dazell, substitute, which authorized the president to contract with a private company for the laying of a cable. The speakers were Messrs. Shackelford of Missouri, Mann of Illinois, Morrell of Pennsylvania and Tompkins of Ohio for the bill, and Messrs. Richardson of Alabama, Newlands of Nevada, Loud of California, and Cannon of Illinois, against it.

Just before adjournment Wednesday the senate agreed to vote finally on the Nicaragua canal bill and all pending amendments on Thursday, June 19, the voting to begin at 2 p. m.

Before consideration of the canal question was resumed the motion of Mr. Wellington of Maryland to discharge the committee on privileges and elections from further consideration of the resolution providing for the submission of an amendment for the election of senators by the people was defeated—21 to 31—after a sharp debate.

Mr. Fairbanks of Indiana, in a carefully considered speech, favored construction of the isthmian canal by the Panama route. Originally, he said, he had favored the Nicaragua route, but an investigation of the subject, coupled with the determination of the isthmian committee, had induced him to change his mind in favor of the Panama route. He argued that route not only would be cheaper in the first instance, but cheaper in operation after the canal was constructed.

Sent to the Calendar.

Washington, June 12.—In the senate Mr. Culberson's resolution of inquiry as to the expenditure of Cuba's funds under American occupation was sent to the calendar.

To Consider Bankruptcy Bill.

Washington, June 12.—The house decided to consider the bill to amend the bankruptcy act next Monday and Tuesday. A special order was adopted for the consideration of the senate irrigation bill, one day for general debate and one day for amendment under the five-minute rule.

Slashed by a Woman.

Lake Charles, La., June 12.—Sparks Taylor got into a fight with Annie Davis over the possession of 25c here, and when the fight ended Taylor was covered with razor wounds and almost a subject for the coroner. The woman is held to await the results of her victim's injuries.

Three Barks Wrecked.

East London, Cape Colony, June 12.—The Norwegian bark, Atabra, the Swedish bark Aurora, and the German bark Elize Lincke, were wrecked during a heavy southeast gale. All the crew of the Atabra were drowned except the captain.

South African War Inquiry.

London, June 12.—War Secretary Broderick has announced in the house of commons that it was the intention of the government to appoint a small royal commission and institute a general inquiry into the South African war.

YAQUI SLAUGHTERED.

Neither Women or Children Spared by Mexican Troops.

Tucson, Ariz., June 12.—Col. William Christy, president of the Valley Bank of Phoenix, Ariz., has arrived here from Preistas, Sonora, with details of a massacre of Yaqui Indians, men, women and children Tuesday in Santa Rosa canon, thirty-five miles from the Minas Priestas mines, by a detachment of Gen. Torres' troops.

It appears that the Yaqui forces that were operating in that section had moved further into the mountains, leaving their women and children in Santa Rosa canon under a guard of eighty men. The Mexican troops came upon this camp and without any warning opened a terrible fire, sparing neither women nor children. After the first volley the troops charged down upon the panic-stricken victims and massacred all within their reach. Of the guard of eighty Yaquis not a single one survived and over 100 women and children fell victims to the Mexicans' bullets and bayonets. The bodies of the dead were left in the canon and the remaining women and children were driven to Minas Priestas by the soldiers, and from that point will go to Hermosillo.

Remarkable Sight.

Sunset in Mexico Looked Like a Great Conflagration.

City of Mexico, June 12.—Sunset Tuesday night was one of the most remarkable ever witnessed in Mexico. The west was for hours in an intense glow like that from a great conflagration. The local observatory classes the color as a reddish yellow and it extended forty degrees above the horizon and from southwest to north northwest about one hundred degrees. The phenomena lasted till 7:55 p. m. and caused much alarm among timid persons.

Much interest is attracted by reports that Popocatepetl has given signs of eruption. They are not true, however, the only change noticed is that the snow has disappeared from a spot on the southwest slope for the first time in many years. The volcano is not an extinct one and a faint emission of smoke is usually visible.

The only serious observation since Mont Pelée's eruption is that the waters in Penon Springs, near the capital, have diminished from 47 to 45 centigrades.

THE KING ATTENDED.

Edward and Queen Alexandra at a Dinner Given by Choate.

London, June 12.—A crowd of several hundred persons, including a number of American sightseers, gathered outside the house of United States Ambassador Choate, on Carlton House Terrace, when King Edward and Queen Alexandra arrived there at 8:45 o'clock Wednesday night to attend the dinner given by Mr. and Mrs. Choate.

Among the guests present were: The king and queen, Princess Victoria, Duke of Norfolk, Duke and Duchess of Portland, Lord Roseberry, the bishop of London, Right Rev. Arthur F. Ingram, Earl and Countess of Pembroke, Earl and Countess Spencer, Sir William and Lady Vernon Harcourt, A. J. Balfour and Miss Stanley, Russian ambassador, Baron de Stael, J. P. Morgan, Whitelaw Reid and Mrs. Reid, Mrs. Douglass Robinson and Mrs. W. S. Cowle, sisters of President Roosevelt.

A number of others were invited to be present after the dinner.

RUSH FOR LANDS.

Over 1,000,000 Acres Thrown upon the Market by Court's Decision.

Austin, June 12.—Over 1,000,000 acres of Texas school lands have been thrown on the market by the recent decision of the state supreme court, holding that renewal of school land leases was illegal. A tremendous rush for these lands is now on from Sweetwater, Colorado City, Roscoe and other points. The rush is a reminder of the scenes at the opening of Oklahoma to settlement. Every variety of vehicle is being pressed into service to carry the homeseekers to their destination in the great cattle pastures, which will now be broken up.

It is estimated that over 5000 claims will be taken up within the next thirty days, the claims ranging from one to four sections each.

Rice Will Contest.

New York, June 12.—Surrogate Fitzgerald, after a long discussion between John C. Tomlinson, who is counsel for Albert T. Patrick and William E. Hornblower, counsel for the opponents of a will executed by W. H. Rice in 1896, decided to proceed with the hearing of the contest against this will by Patrick and also with the contest of the 1900 will known as the "Patrick will" which was executed shortly before Rice's death, and under which Patrick became residuary legatee of the estate of testator, valued at about \$6,000,000.

ATTEMPTED MURDER.
Superintendent of a Coal Mine Shot at Near Wilkesbarre.
Wilkesbarre, Pa., June 12.—It is learned at the office of the Lehigh Valley Coal company, that an attempt was made Wednesday night on the life of Superintendent Thomas of the colliery, of the Lehigh Valley company, at Old Forge, north of this city. A locomotive conveying him to the colliery was fired on from ambush.
There were six persons on the locomotive, the engineer, fireman, conductor, two brakemen and Superintendent Thomas.
As soon as the firing began the six men immediately dropped to the floor of the locomotive and tender, and in that way saved themselves.
The window panes of the cab were broken and the locomotive and tender perforated with bullets and buckshot.
President Mitchell has nothing to say either on the anthracite or soft coal strike in West Virginia.

Spring Wool Clip.
Austin, June 12.—T. H. Zanderson, the well known wool buyer of San Antonio, is here superintending the concentrating and reshipping of about 200,000 pounds of wool. Mr. Zanderson purchased this wool in the territory north of Austin, principally in Burnet and Llano counties and will ship it from Austin to eastern manufacturers. He says that about seven-eighths of the spring clip has been marketed. It is conservatively estimated that the Texas spring clip this year will aggregate between 6,000,000 and 7,000,000 pounds as compared with more than 3,000,000 pounds last year. The fall clip in Texas last year aggregated about 2,000,000 pounds, and it is probable that it will fall short of that amount this year. The decrease in this year's yield is said to be due to a loss of sheep last winter.

Methodist Book Committee.
Nashville, June 12.—The new book committee of the Methodist Episcopal Church, South, met and organized here. Dr. Collins Denny was elected chairman and W. C. Dibreil was elected secretary.
W. C. Everett, manager of the branch publishing house at Dallas, Tex., made a report to the committee, showing a satisfactory condition. The usual appropriations for the different publications were made. The amount of the Sunday-school literature is \$15,000. About \$25,000 or \$30,000 is carried for the other publications and for editorial assistance and contributions. The Epworth Era will be supported by the various leagues of the church.

Unknown Man Suicides.
Sulphur Springs, Tex., June 12.—While James Kirby and his little brother were hunting in the woods, about four miles west from Sulphur Springs, they discovered the body of an unknown man hanging. They at once came to town and reported to the officers. Esquire Powell, County Attorney Thornton and Deputy Sheriff Smith went out and made an examination. They conclude that it was a well-planned and executed suicide and that the man had been dead about three months.

Texas Base Ball Games.
Baseball games played in the Texas league on Wednesday resulted as follows:

At Dallas—Dallas, 5; Fort Worth, 4. Batteries, Sparger and Berry, McKay and O'Donnell.
At Waco—Waco, 4; Texarkana, 2. Batteries, Rundell and Noyes, Yeager and Wolf.

Killed by a Fall.
Houston, June 12.—E. W. Matthews, assistant general superintendent of the McFadden compress in this state whose headquarters are at Hearne, fell from the third story of the Bristol hotel Wednesday and was instantly killed. The deceased leaves a wife and seven children, who are now living at Yoakum. Mr. Matthews was one of the best known compress men in the state. He was a Royal Arch Mason and a graduate of West Point along in the 70s.

Great Britain's Deficit.
London, June 12.—A parliamentary paper presents the revised financial statements for 1902-03. It is estimated that the expenditure will total £176,359,000 and that the revenue will amount £152,435,000. The deficit will be met out of the proceeds of a consols loan of £29,920,000, leaving £5,996,000 available for contingencies and the redemption of part of the national debt.

Mistaken for a Burglar.
McKinney, Tex., June 12.—Marshall Sam Burks was shot and perhaps fatally wounded Wednesday night. Mr. Burks was after a negro intruder at the home of E. T. Grayham. Mrs. Grayham, in the excitement, fired at the negro, but the bullet passed into the abdomen of Mr. Burks, whom she did not recognize in the dark. There is little hope for his recovery.

Police Force Increased.
Pawtucket, R. I., June 12.—City officials having declared to increase the police force to meet the unusual conditions resulting from the strike of the Union Trust company's men here and in Providence, by an order of Governor Nickell, six companies of infantry and two troops of cavalry are parading the streets and protecting the cars.

Woman Fatally Burned.
San Antonio, June 12.—A fatal fire occurred at South Heights, a suburb of this city. A residence occupied by N. Isadore Kleland, and one owned by N. T. Ayres were burned. Mrs. Kleland, wife of Isadore Kleland, was so badly burned that she died from her injuries. The fire loss was \$3000, partly covered by insurance.

CUBAN MONEY USED
Wood Permitted Funds to Be Used to Promote Reciprocity.
A SENSATION CAUSED
Mr. Thurber Admits He Secured Money from the Governor General of Cuba to Send Out Literature in Favor of Reciprocity.
Washington, June 12.—The testimony given Wednesday before the committee on Cuban relations by F. B. Thurber, showing that between \$8000 and \$9000 had been paid out of the Cuban treasury under the direction of Governor General Wood for the promotion of the effort to secure reciprocity between the United States and Cuba, caused a sensation in the senate. The news of Mr. Thurber's statement reached the senate chamber about the time that body convened and when Senator Teller, whose examination has developed the facts made his appeal on the floor he was immediately surrounded by senators from both sides of the chamber who professed great anxiety to know all that had occurred. Copies of one voucher produced were eagerly sought. Some of the best sugar advocates in the house pointed out that Mr. Thurber had not in his testimony before the ways and means committee indicated any connection with the Cuban government in his effort to create sentiment in this country favorable to concessions to Cuba.
Opinions as to the ultimate effect of the testimony are varied but the immediate results are seen in the decision reached to have two caucuses in the early future, the beet sugar Republican senators today and the second by all the Republican senators Saturday.

Culberson Resolution.
Washington, June 12.—Senator Culberson of Texas introduced the following resolution:
"Resolved, That the secretary of war be and hereby is directed to send to the senate a full itemized statement of moneys collected and disbursed by the authorities of the United States in Cuba from the military occupation thereof until May 20, 1902."
The resolution went over.

The House.
Washington, June 12.—The house Wednesday dispatched the Corliss Pacific cable bill by the same method it adopted Tuesday in the case of the forest reserve bill. It struck out the enacting clause of the measure by a vote of 116 to 77, thus giving no opportunity to test the strength of the Dalzell, substitute, which authorized the president to contract with a private company for the laying of a cable. The speakers were Messrs. Shackelford of Missouri, Mann of Illinois, Morrell of Pennsylvania and Tompkins of Ohio for the bill, and Messrs. Richardson of Alabama, Newlands of Nevada, Loud of California, and Cannon of Illinois, against it.
Just before adjournment Wednesday the senate agreed to vote finally on the Nicaragua canal bill and all pending amendments on Thursday, June 19, the voting to begin at 2 p. m.
Before consideration of the canal question was resumed the motion of Mr. Wellington of Maryland to discharge the committee on privileges and elections from further consideration of the resolution providing for the submission of an amendment for the election of senators by the people was defeated—21 to 31—after a sharp debate.
Mr. Fairbanks of Indiana, in a carefully considered speech, favored construction of the isthmian canal by the Panama route. Originally, he said, he had favored the Nicaragua route, but an investigation of the subject, coupled with the determination of the isthmian committee, had induced him to change his mind in favor of the Panama route. He argued that route not only would be cheaper in the first instance, but cheaper in operation after the canal was constructed.

Sent to the Calendar.
Washington, June 12.—In the senate Mr. Culberson's resolution of inquiry as to the expenditure of Cuba's funds under American occupation was sent to the calendar.

To Consider Bankruptcy Bill.
Washington, June 12.—The house decided to consider the bill to amend the bankruptcy act next Monday and Tuesday. A special order was adopted for the consideration of the senate irrigation bill, one day for general debate and one day for amendment under the five-minute rule.

WOMEN OR CHILDREN SPARED BY MEXICAN TROOPS.
Tucson, Ariz., June 12.—Col. William Christy, president of the Valley Bank of Phoenix, Ariz., has arrived here from Preistas, Sonora, with details of a massacre of Yaqui Indians, men, women and children Tuesday in Santa Rosa canon, thirty-five miles from the Minas Prietas mines, by a detachment of Gen. The bodies of the dead were left in the canon and the remaining women and children were driven to Minas Prietas by the soldiers, and from that point will be taken to Hermosillo.
Mexican soldiers and rurales are ordered to take no Yaqui prisoners, but to kill in all cases. This order has been carried out. A friendly Yaqui miner who came down to Preistas for supplies was killed by the rurales on the outskirts of the town.
Col. Christy says the massacre occurred at daybreak Monday morning. The troops were of Torres' command, but not under him personally and numbered 600. The Yaquis, including men, women and children, were over 300.
The slaughter, Christy says, was fearful. The Mexican troops only stopped their fearful work of shooting and bayonetting their victims when exhausted from their labors.
